

ATTACHMENT TO COST-SHARE AGREEMENT NO. _____

PROVISIONS FOR 100% COST SHARE AGREEMENTS

I understand that I will be responsible for obtaining a current Soil and Water Conservation Plan for the parcel on which the BMP is to be located, written by my local Conservation District office prior to receiving 100% cost-share on the applied items within this agreement.

If a Conservation Plan is not completed and approved by the Soil Conservation District by the time the project is complete, I understand that I am only eligible up to 87.5% cost-share on the project.

I have read the above provisions and shall comply with them.
